EXPERIENCE

uBreakiFix Repair Operations Center

Quality Engineering Technician

February 2024 - **Present**
- Performed thorough quality inspections and tests on products throughout various stages of production, ensuring compliance with industry standards and specifications.
- Participate in continuous improvement initiatives and quality assurance audits to drive process optimization and ensure adherence to quality management systems.

Level 3 Inventory Associate

December 2023 - **February 2024**

Mail-In-Repair Inventory Associate

July 2023 - **December 2023** (5 Months)
- Played a crucial role in maintaining and organizing inventory for the UBreakIFix Repair Operations Center, demonstrating strong teamwork and organizational skills.
- Employed the usage of an online ticketing system to update the status of each repair as well as provide clear and concise information when necessary, decreasing overall repair turnaround times.

Trajector (formerly **Loxley Services**)

Junior Front End Web Developer

November 2020 - **November 2021** (1 Year)
- Spearheaded the development of an Electron-based desktop application aimed at supporting operators in addressing veteran crisis situations.
- Conceptualized and designed user-centered interfaces using Figma, aligning with client requirements and feedback.
- Collaborated with senior developers in the creation of a React Native application targeting mobile devices, contributing to its successful completion.
- Demonstrated expertise in implementing best practices in coding, resulting in the creation of highly responsive and accessible user interfaces.
